To: Hamilton County Drainage Board

Re: R.J. Craig Drain #38

Upon review of the rates being charged for the R.J. Craig Drain, I found that the current rates do not reflect the minimum rates that have been established. The original rate of \$1.00 per acre with a \$3.00 minimum was set on May 4, 1971. The current rate of \$5.00 per acre with a \$25.00 minimum was increased on April 15, 1991.

At its meeting on July 28, 2014 the Board approved the R.J. Craig Drain, George White Arm, Maple Street Reconstruction. The apparent low bid for this work is \$154,369.69. The cost of the reconstruction is being taken from the current maintenance fund which is \$167,313.80. Notwithstanding any additional needed for change orders, the fund would be drawn down to \$12,944.11. Considering the age of the drain and the redevelopment of areas within Fishers from what was residential to commercial, it is anticipated that more work on the drain will be needed in the future. Therefore, I recommend to the Board that the following rates, which are slightly higher than the current minimum rates, be established.

1. Maintenance assessment for agricultural tracts & non-platted residential tracts shall be set at \$5.00 per acre with a \$45.00 minimum.
2. Maintenance assessment for commercial, institutional and multi-family residential tracts to be set at \$10.00 per acre with a \$85.00 minimum.
3. Maintenance assessment for platted lots in subdivisions whose drainage systems will not be part of the regulated drain shall be set at \$45.00 per lot/minimum. Common areas within non-regulated drain subdivisions shall be assessed at \$5.00 per acre with a \$45.00 minimum.
4. Maintenance assessment for platted lots in subdivisions whose drainage system will be part of the regulated drain shall be set at \$65.00 per lot/minimum. Common areas within the regulated drain subdivisions shall be set at \$10.00 per acre with a \$65.00 minimum.
5. Maintenance assessment for roads and streets to be set at \$10.00 per acre.

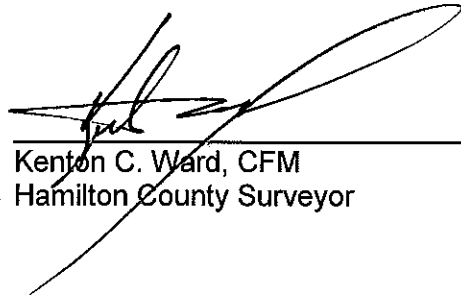

Along with the rate increase the roads and railroad have been recalculated. The change for these acreages are as follows:

Hoosier Heritage Port Authority	was 9.42 Ac \$ 47.10	revise to 9.69 Ac \$ 96.90
Indiana Dept. of Transportation	was 107.35 Ac \$ 536.76	revise to 210.18 Ac \$2,101.80
Town of Fishers	was 325.02 Ac \$1625.10	revise to 424.53 Ac \$4,245.30

This will increase the annual assessment for this drain from \$40,554.58 to \$80,912.12.

I further recommend to the Board that the drain maintenance collections be extended from four (4) times the annual collection to eight (8) times the annual collection as allowed in IC 36-9-27-43. This will increase the available balance in the drain fund. The Board would then be able to utilize maintenance funds to partially or fully pay for reconstruction projects as the Board has done recently on the Maple Street Arm mentioned above. This is allowed under IC 36-9-27-45.5.

I recommend the Board set this item for hearing on September 22, 2014.

Kenton C. Ward, CFM
Hamilton County Surveyor
